

Project: Wells Fargo Museum
Location: Philadelphia, PA
Architect: KlingStubbins

Product: HERITAGE Reclaimed Oak Flooring, Stair Parts & Millwork

In the heart of a city steeped in history, in the historic 1928 Beaux-Arts building, comes the latest banking history museum from Wells Fargo. Opened in the fall of 2012 at 123 S. Broad Street in Philadelphia, the Wells Fargo Museum features 2,800 sf of HERITAGE Reclaimed Oak flooring & millwork from reSAWN TIMBER co. The wood itself is historic, being sourced from 19th century barns in West Virginia originally constructed with old-growth timbers that were beautifully remilled for this project.

Over Radiant Heat	YES	YES

SUSTAINABLE ATTRIBUTES:

POSSIBLE LEED CREDITS

MR 4 - Recycled Content
MR 5 - Regional Materials

Photo Disclaimer: Project and product photos are meant to be a general guide to product appearance only. Due to our handcrafted process and wood being a product of nature, the color, grain pattern, character and profile will vary between individual boards on a project and will never be an exact match.

Janka Rating from similarly tested products - expected to be close to actual measurements of reSAWN TIMBER co.'s products.
